SHOW DAY PARKING

We are asking that the day of the show all exhibitors park their cars in a remote location (e.g. Park & Ride lot). Since you arrive so early for set up and are able to get the front parking spots, moving your cars will allow BUILDER & REMODELER attendees (*your customers*) the ability to park as close as possible to the show entrance.

Please be courteous to those attending the show and move your cars by no later than 9:00 am.

COW PALACE WILL
BE TOWED!!!!**
